Production Company: Plane Meets Paper

Applicant Name: Julie Camino

Location Address: 4765 Don Miguel Drive, Los Angeles, CA 90008

Hours of UAS Activity: 1pm - 5pm

Location Address #2:

Hours of UAS Activity:

UAS Company Name: Silly Goose Media, LLC

UAS ON LOCATION INFORMATION

ANY RESTRICTED AREAS OR TEMPORARY FLIGHT RESTRICTIONS? ☐ YES ■ NO

UAS Make & Model: Gryphon XQ900

UAS "N" # or registration #: FA3H79KRC4

UAS Make & Model: DJI Inspire 2

UAS "N" # or registration #: FA3CALPCAR

Class of Airspace that activity will occur in: ☐ B ☐ C ☐ D ☐ E ■ G

REMINDER: IF YOU ARE FLYING IN CLASS B, C, D, OR E AIRSPACE, ATC AUTHORIZATION IS REQUIRED FOR ALL UAS ACTIVITY.

UAS OPERATING AUTHORITY:

■ 14 CFR PART 107 ☐ TITLE 49 (STUDENTS ONLY)

PART 107 REQUIREMENTS

Name of Remote Pilot: Michael Izquierdo/Ian Wood

Certificate #: 3843821 / 3905061

Remote Pilot Phone #: 626 429-3522/310 266-0288

Visual Observer: ☐ YES ■ NO

PLEASE PROVIDE THE FOLLOWING:

- Copy of Remote Pilot's Certificate
- Copy of UAS Registration Certificate for each UAS listed above
- Description of Planned Operations
- Current Knowledge Test, if Airman Certificate is more than 2 years old

TITLE 49 REQUIREMENTS (STUDENTS ONLY)

Applies to **students enrolled at an accredited educational institution**, operating under "Hobbyist" rules. **May not be used for any commercial filming.**

Name of Operator:

Operator's Phone #:

Name of School:

PLEASE PROVIDE THE FOLLOWING:

- Copy of UAS Registration
- Detailed description of proposed UAS activities
- Name of community-based organization's safety guidelines under which you will be operating
- Required insurance
- Certification letter from school (on school stationary)

WAIVERS

If you are requesting any of the following activity, please check all that apply and furnish proof of waiver from the FAA upon submission of this document to FilmL.A. **Please note, students may not apply for FAA waivers under Title 49.**

☐ Flight over non-participants (§107.39) ☐ Flight altitude restrictions (§107.51) ☐ Night Flight (§107.29)

☐ Operating from a moving vehicle (§107.25) ☐ Operating multiple small UAS' (§107.35)

FILMLA. USE ONLY

PART 107 CERTIFICATE

- ☐ INSURANCE
- ☐ DOCS ATTACHED TO PERMIT
- ☐ REMOTE PILOT CERTIFICATE

NOT A PERMIT

Plan of Activities:
Purpose of this operation is to capture aerial video footage during closed set filming for the HBO television series *"Insecure"*.

The area of operation is as depicted in the maps associated with this request. At no point will the sUAS operate outside the area designated in the map.

PERMIT

Equipment to be used is the Watts Innovations MFD-5000 with FAA registration FA3PMPPCRC. There will be backup equipment as needed in case of issue with the primary equipment.

The maximum altitude for this operation is 400ft AGL.

There are two RPIC pilots for this operation:

- Ian Wood, part 107 certificated since August 31, 2016 with 2,850 hours flying time on various sUAS types and 50 hours PIC in the Cessna 172.

- Michael Izquierdo, part 107 certificated since August 30, 2016 and Sport Pilot certificated since January 26, 2016 with [xxxx] hours on sUAS and [xxx] hours PIC on [SEL type].

The RPIC will carry a mobile phone (310 776 5266) should anyone else need to contact him regarding the flight operation.

The flight operation will be conducted in full VLOS and within full compliance of applicable part 107 regulations.

Both the RPIC and VO will conduct visual scans of the immediate airspace making sure to monitor and follow any air traffic within our visual range and looking for any abnormalities or impending risks well before they are within range of our location.

A safety briefing will precede all activities with participating personnel. All other non-participating people will be required to leave the area prior to any operations.

Once the area is prepared and all participants are aware, the sUAS will take off from a designated clear area. Once it is deemed operating normally, it will ascend to a target altitude of less than 400ft AGL. It will then fly in a series of patterns for a period of 5 to 15 minutes. During this time, there will be no people in the immediate area of activity except for the sUAS operators, limited support crew and those in agreement to participate. Once the operation is complete, the UAS will descend to land in the designated area.

If at any time during flight operations, there is an indication of malfunction, low flying air traffic, non-participants in the activity area or other activity that is deemed unsafe, the operation will be suspended and the UAS returned for a controlled landing. If it is not safe to land, the UAS will be maneuvered to a safe area away from air traffic and people and in reasonable safe proximity to natural barriers like buildings, ground, trees, etc. and stay in a static controlled position as much as possible until such time it is safe to land it. If in the very unlikely case, it is not possible to conduct a safe descent and landing (e.g. due to malfunction), the UAS will be operated in as much of a controlled manner as is possible towards suitable open areas or natural barriers away from air traffic, vehicular traffic and people.

At no time will the UAS be flown above 400ft AGL or over non-participating persons.

Small UAS Certificate of Registration

Name: Ian Wood

Manufacturer: DJI

Model: Inspire 2

Serial Number: DJIT650A1609-002

Certificate Number: FA3CALPCAR

Issued: 01/09/2019 Expires: 01/09/2022

For U.S. citizens, permanent residents, and certain non-citizen U.S. corporations, this document constitutes a Certificate of Registration. For all others, this document represents a recognition of ownership.

For all holders, for all operations other than as a model aircraft under sec. 336 of Pub. L. 112-95, additional safety authority from FAA and economic authority from DOT may be required.

This Small UAS Certificate of Registration is not an authorization to conduct flight operations with an unmanned aircraft. Operations must be conducted in accordance with the applicable FAA requirements. The operator of the aircraft is responsible for knowing and understanding what those requirements are. For more information on flying for non-model purposes, please visit the FAA website at www.faa.gov/uas

Federal Aviation Administration

Small UAS Certificate of Registration

Name: Ian Wood

Manufacturer: Gryphon Dynamics

Model: XQ-900V

Serial Number: N121FP

Certificate Number: FA3H79KRC4

Issued: 02/05/2018 **Expires:** 02/05/2021

For U.S. citizens, permanent residents, and certain non-citizen U.S. corporations, this document constitutes a Certificate of Registration. For all others, this document represents a recognition of ownership.

Operators of unmanned aircraft must ensure they comply with the appropriate safety authority from the FAA and economic authority from the DOT. To operate as a recreational flyer, a person must meet all of the statutory conditions of the exception for limited recreational operations of unmanned aircraft (49 U.S.C. 44809). Persons who do not meet any of the statutory conditions may not operate under the statutory exception for limited recreational operations of unmanned aircraft and would need to operate the unmanned aircraft under part 107 or any other applicable FAA authority.

This Small UAS Certificate of Registration is not an authorization to conduct flight operations with an unmanned aircraft. Operations must be conducted in accordance with the applicable FAA requirements. The operator of the aircraft is responsible for knowing and understanding what those requirements are. For more information on flying for non-model purposes, please visit the FAA website at www.faa.gov/uas.
